Training Educators and Creating Hope

SPECIAL REQUIREMENTS FOR ASL ENDORSEMENTS

The ASL Certification is available for Residency Licenses even without taking the PRAXIS. In lieu of the PRAXIS, candidates must demonstrate ASL proficiency to earn the ASL Certification. To be deemed proficient, candidates must achieve a Level 4 (Advanced/Advanced+) on the SLIP (Sign Language Proficiency Interview)

The SLPI is offered by The National Technical Institute for the Deaf. Information on the SLPI may be found online (<https://www.rit.edu/ntid/slpi/>).
